Matt Kandefer Plumbing - Plumber **Matt Kandefer**

30 years ago Matt Kandefer's father started his own plumbing business and, as was the case in a lot of families, Matt followed in his father's footsteps. For the past 15 years the business has been run by Matt and is known as **Matt Kandefer Plumbing**. High profile projects include the Buffalo Niagara Convention Center, Roswell Park, the 1972 and 1990 projects at Ralph Wilson Stadium and the featured fountains at the Buffalo Niagara Airport.

Matt Kandefer studied for 5 years and became a journeyman plumber, followed by an additional 5 years of study, to achieve Licensed Master Plumber. Matt is licensed in 18 cities and towns in New York State, with the bulk of work being done in the northern suburbs, but they are available to travel to other regions and Counties.

Primarily, Matt Kandefer Plumbing specializes in residential plumbing work, somewhat as a result of the fact that they do not advertise. They enjoy a reputation for quality work at a fair price and word of mouth referrals from their customers are their mainstay. Following is a list of some of their more standard plumbing work:

- Sewer and Drain Cleaning (including a sewer camera service)
- Faucets and Fixtures (Kitchen, Bathroom, Laundry Room)
- Hot Water Tanks (Traditional as well as "on-demand" tanks)
- Gas Pipe Installation and Repair (If you have a gas leak, call them first before the gas company)
- Chemical treatment approved by the CPA to keep roots out of your pipes (yearly application)
- Sump Pumps & Back-Up Sump Pumps (including the ever popular water operated type)
- Back Flow Preventer (commercial application)

Matt looks forward to working with all of you on your residential and commercial plumbing needs. **MATT KANDEFER PLUMBING - (716) 893-8376** Don't forget to mention the BEA!
